

Evergreen Stoves

2010-11

Single Door Stoves

The Larch	2
The Ash	3
The Poplar	3

Double Door Stoves

The Holly	4
The Elm	4
The Rowan	4
The Hawthorn	5
The Maple	5
The Elm Double Vision	6

Pot Belly Stoves

The Cedar	6
The Birch	7
The Spruce	7
The Oak	7

The Larch ST0311

W x H x D (mm)	345 x 500 x 450
Flue	Top or Rear, 100mm diameter
Height to Centre Rear Flue	410mm
Heat Output	Up to 6.5kW
Weight	63Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 4,000 btu

The Ash ST0147

W x H x D (mm)	440 x 560 x 440
Flue	Top or Rear, 125mm diameter
Height to Centre Rear Flue	430mm
Heat Output	Up to 7kW
Weight	88Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 12,000 btu

The Poplar with plain door (ST0406G) or traditional door (ST0406S)

W x H x D (mm)	440 x 570 x 460
Flue	Top or Rear, 125mm diameter
Height to Centre Rear Flue	450mm
Heat Output	Up to 8kW
Weight	70Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 12,000 btu

Double Door

The Holly ST1017

W x H x D (mm)	740 x 760 x 630
Flue	Top or Rear, 175mm diameter
Height to Centre Rear Flue	740mm
Heat Output	Up to 16kW
Weight	150Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 24,000 btu or 40,000 btu

The Elm ST1050

W x H x D (mm)	710 x 595 x 410
Flue	Top or Rear, 150mm diameter
Height to Centre Rear Flue	465mm
Heat Output	Up to 10kW
Weight	110Kg
Controllable Airwash	Yes
Optional Boiler Available*	No

The Rowan ST2800

W x H x D (mm)	600 x 680 x 420
Flue	Top or Rear, 125mm diameter
Height to Centre Rear Flue	560mm
Heat Output	Up to 8kW
Weight	96Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 12,000 btu

The Hawthorn ST1018

W x H x D (mm)	440 x 560 x 440
Flue	Top or Rear, 125mm diameter
Height to Centre Rear Flue	430mm
Heat Output	Up to 7kW
Weight	88Kg
Controllable Airwash	Yes
Optional Boiler Available*	Yes. 12,000 btu

The Maple ST1020

W x H x D (mm)	810 x 680 x 510
Flue	Top or Rear, 175mm diameter
Height to Centre Rear Flue	550mm
Heat Output	Up to 14kW
Weight	135Kg
Controllable Airwash	Yes
Optional Boiler Available*	No

The Elm Double Vision ST1050DV

W x H x D (mm)	710 x 595 x 410
Flue	Top, 150mm diameter
Height to Centre Rear Flue	N/A
Heat Output	Up to 6kW
Weight	110Kg
Controllable Airwash	Yes
Optional Boiler Available*	No

The Cedar

W x H x D (mm)	580 x 825 x 630
Flue	Top, 100mm diameter
Height to Centre Rear Flue	N/A
Heat Output	Up to 7kW
Weight	51Kg
Controllable Airwash	No
Optional Boiler Available*	No

Hot Belly

The Birch DM600

W x H x D (mm)	470 x 780 x 520
Flue	Top, 100mm diameter
Height to Centre Rear Flue	N/A
Heat Output	Up to 6kW
Weight	48Kg
Controllable Airwash	No
Optional Boiler Available*	No

The Spruce DM700

W x H x D (mm)	500 x 835 x 540
Flue	Top, 100mm diameter
Height to Centre Rear Flue	N/A
Heat Output	Up to 7kW
Weight	55Kg
Controllable Airwash	No
Optional Boiler Available*	No

The Oak DM800

W x H x D (mm)	540 x 865 x 580
Flue	Top, 100mm diameter
Height to Centre Rear Flue	N/A
Heat Output	Up to 8kW
Weight	64Kg
Controllable Airwash	No
Optional Boiler Available*	No

ADDITIONAL INFORMATION

- CE approval does not apply when stove used with optional boiler.

Flue pipe and flue pipe increaser are not included as standard, these must be ordered separately.

Spark guards are optional extras.

Height measurement is to flat top of stove body (flue collar adds 45mm to this height). All measurements are approximate maximum overall sizes.

Please note that boiler models reduce the heat output to the room.

Flues and bends to suit all stoves can be ordered from stock.

Slabbed hearths can be made to measure, to suit any application.

All stoves are CE approved (excluding boiler models) and come with a 12 months guarantee, excluding all consumable items. E. & O.E.
